When Mr. Jones was saved from the frying pan—
They talk yet of the change that came over Jones. Some said it was psychology. Some said it was a miracle. All said it was a mystery.
When they asked Jones, he said it was liberation from slavery—slavery to the frying pan, and to grease and starch.
Jones used to take his breakfast fried, and followed this with a heavy lunch.
In those days they said at the office: "Old Jones has a secret sorrow and he's sore on the world."
One day Jones started late—no time for the usual breakfast to be cooked.
Jones had a breakfast on Grape-Nuts with good cream. He was delighted with the crispness and rich flavor. Felt satisfied and "fed." Tried it again at lunch. Kept on breakfasting that way—often lunching, too.
Jones began to "perk up," talk up, step up—GET up.
"Let Jones show you how to do this," they began to say at the office.
As to Jones—he said: "That's a great food—GRAPE-NUTS."
There are thousands of Joneses, both kinds—reckless feeders and wise feeders.
